

Hello Class of 2023,

El Camino Health will be hosting a virtual open house session on Wednesday, November 16th from 4pm to 5:30pm PST.

El Camino Health provides a personalized healthcare experience at two non-profit acute care hospitals in Los Gatos and Mountain View and at primary care, multi-specialty care, and urgent care locations across Santa Clara County. Our key medical specialties include heart and vascular, cancer and lifestyle medicine.

El Camino Health's one-year postgraduate (PGY1) Pharmacy Practice Residency is designed to develop leadership skills and provide residents with training and experience in various areas of clinical practice, such as inpatient and outpatient oncology, pain management, and much more.

Come learn about our program at our virtual Open House / Q&A meeting! If interested, please [RSVP](#) by Sunday, November 13th.

If you have any questions about the open house, please feel free to email An Pham ([an\\_pham@elcaminohealth.org](mailto:an_pham@elcaminohealth.org)).

We look forward to meeting you!

Sincerely,  
Purav Mehta, PharmD  
PGY-1 Pharmacy Resident  
El Camino Health
