About the VA Sierra Nevada

The VA Sierra Nevada Health Care System (VASNHCS) provides a wide array of inpatient and outpatient services in medicine, surgery, women's health, mental health, alcohol and drug treatment, interventional cardiology and radiology, neurology, as well as clinical pharmacy services. Our care extends beyond the Reno metropolitan area with community based outpatient clinics (CBOCs)/outreach clinics in Fallon, Minden, and Winnemucca, Nevada, as well as Susanville, California.

The hospital is located minutes from Lake Tahoe, the Sierra Nevada mountains, and world-class skiing. Reno offers an ideal climate for outdoor activities, many entertainment opportunities, and the Bay Area, Napa Valley, and Yosemite are within a four-hour drive.

For more information visit our website [HERE](#)

ALL MEETINGS WILL BE ON ZOOM *PASSWORD is RENO*
