At MannKind, we are driven to find new ways to change lives for the better. Our team of passionate scientists, researchers, and professionals focuses on innovative approaches to diabetes and orphan lung diseases. We develop and commercialize new ways to help more people truly thrive — and to live life more human.

Our Corporate Headquarters in CA is home to our Medical Affairs department, and our state-of-the-art Manufacturing Facility is in CT. We also have a team of field-based sales representatives and Medical Science Liaisons who communicate with healthcare practitioners nationwide.
